Subject: NRRB Guidance for LWG
Attachments: NRRB Community Guide - App E of NRRB Guidance for RPMs dated 12-29-11 .docx; NRRB Sample NRRB Meeting Agenda - App B of NRRB Guidance for RPMs dated 12-29-11.docx; NRRB Role of the PRP - from NRRB Guidance for RPMs dated 12-29-11.docx

Dear Jen,

Could you please forward this to Margaret Kirkpatrick and Bob Wyatt? I am sure they will let you know who else on the LWG should receive it.

Thank you, Debbie

You have asked about the PRP's role with respect to the National Remedy Review Board. At the March 9, 2015 EPA/LWG Senior Leaders' meeting, EPA said it would provide you with the guidance that addresses your questions.

EPA's guidance on the NRRB is an internal document; however, I may share parts of the guidance with you.

I am attaching 3 parts of the guidance, which was prepared on 12-29-11:

- The "Community Guide" which gives general information about the NRRB
- The page that addresses the role of the PRP
- The sample agenda for NRRB meetings

=====
